

Date _____

I _____ of _____ hereby request that the electric service be removed from _____ Village of Pilger.

Meter Number: _____

The Board of Directors' Policy states the following:

Once the line and service to this service is removed and you should decide that you would want the service reinstalled, you would be required to pay all labor and transportation charges for removal and pay all labor and transportation charges for rebuilding the service. Should you decide that you would want the service reinstalled the application for electric service would be put on file and treated like any other new service.

I am aware of the Board of Directors' Policy as mentioned above and request the service located at the above legal be removed and should I desire to have it reinstated at a late date, agree to pay the above mentioned charges.

I hereby authorize you to remove this service.
